FIU Online is simply another way to take courses at Florida International University.

Unlike traditional in-classroom settings, online courses allow you to advance your academic career from the privacy of your own home, the convenience of your office, or virtually any geographic location around the world with computer access.

It's even possible to earn a degree by taking only online courses! We offer several complete undergraduate and graduate degree programs entirely online.

Course requirements and electives can also be taken online.

It's All About Meeting Your Needs!
